- pencil drawer 116
- task light 117
- monitor arm 118
- ellora grommet add-ons 119

Caution

Load Bottom Drawer First

- Operate one drawer at a time
- Units may tip if loaded incorrectly
- Units should be attached to a wall or other furniture to reduce tipping hazard
- Always load the heaviest files in the bottom drawer

Heavy Load

- Some products must be anchored to wall to ensure stability & safety.
- It is the owner and installers responsibility to ensure that the wall type and construction is of sufficient strength to carry the loads of any wall mounted products and their contents.
- Failure of the wall and anchors to support all imposed loads may result in property damage and/or personal injury.
- Tayco can provide size and empty weight of its products only. As wall blocking is considered a building construction process, Tayco cannot provide recommendations in this respect and cannot be responsible for damage or injury that may occur as a result of improper installation and/or blocking.

Instability Hazard

Mobile items on casters such as flip top, personal and movable tables of any type and storage items of any type may present an instability hazard if not secured correctly while in use or in storage. Flip top tables or training tables of any type, are inherently more unstable when folded. Tayco provides the following guidelines & warnings when using mobile products:

- Lock casters immediately after moving. Do not leave the casters unlocked when in use or in storage.
- Motion may increase the instability of any item with casters. If the wheels hit an obstruction the table's forward momentum often causes overturn, especially if the item is not equipped with wheel extensions. Exercise strong caution while moving these items.
- Use caution when abrupt level changes in the floor are present (such as a doorway or room threshold) as caster failure or tipping may result.
- Do not stand, sit or lean on mobile items for support. They are not intended for this use and personal injury or property damage may result.
- Mobile units that feature height adjustable elements must be lowered to the minimum compressed height when moving to prevent instability. It is also recommended the user remove all computer equipment or other accessories to prevent possible weight imbalance or damage to equipment.
- Failure to follow the guidelines above may result in property damage or personal injury.

Overview

Tayco introduces Union Quick Ship, a full line of case goods and conference furniture.

Union is divided into three distinct product groups for ease of specifying: Executive, Professional and Conference. The prefix of the product code indicates the product group.

QML 1" – Union Quick Ship Professional
QMB 1.5" – Union Quick Ship Conference

Tayco's Quick Ship Program offers a selection of furniture systems and ergonomic accessories with a 10-day lead time. This program includes flexible panel systems designed for various work environments, casegoods suitable for private offices and meeting spaces, and ergonomic accessories such as monitor arms and power solutions.

The Union Quick Ship line provides casegoods for workspaces, featuring desks and storage. This program offers a modern design with durable construction. Each piece is made with 1" thick thermally fused melamine worksurfaces, desk-height storage cabinet tops and 3/4" thick tops.

desks, returns, bridges and credenzas
Desks are available with a choice of recessed or flush modesties. Union desks, end gables and modesties are made with 45 lb./cubic foot density industrial-grade composite wood core, finished on both sides. Many pieces are available with partial or full modesties. Partial modesties (10"H) should be ordered only for pieces located next to a wall. Otherwise, full modesties should be used.

pedestals
All pedestal drawers are outfitted with full extension slides. Drawers can be easily removed by releasing the small catches on either side of the slide. Pedestals come standard with locks. One lock will lock all drawers. File drawers will accommodate legal or letter-size documents.

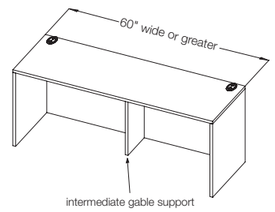
freestanding storage and combo cabinets
Various combination filing and storage units provide a place to hang a coat, store personal items and documents to suit any individual's needs.

bookcases
Bookcases have height-adjustable shelves with the exception of any desk-height shelves. They are fixed to add structural stability to the bookcase.

intermediate gable supports
Some configurations require the use of an intermediate gable support. This support must be ordered separately. The situations requiring an intermediate gable support are:

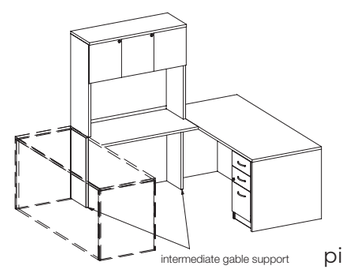
surfaces 60" wide or greater

- For use under surfaces 60" wide or greater where there is no filing or storage to support the worksurface (see picture 1). The intermediate support is necessary if a hutch is placed over a bridge or return surface (see picture 2).



picture 1

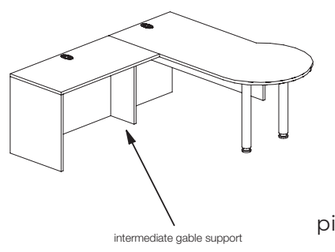
under surfaces with a hutch



picture 2

- Under return surfaces where the return meets the primary desk or Peninsula table.
- The 12" wide intermediary gable is for 21"- and 24"-deep surfaces and the 18"-wide intermediate gable is used with 30"- and 36"-deep worksurfaces. (see Picture 3)

universal gable support



picture 3

hutches and cabinets
Hutch and cabinet doors come in classic laminate. Hutches with laminate doors always come standard with locking doors.

accessories
Computer accessories include flat-screen monitor arms, and articulating keyboard trays.

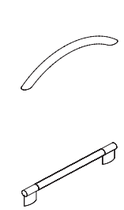
Heavy-duty flat-screen monitor arms adjust to the user while storing wires within the arm. The monitor mounting plate meets VESA standards to accommodate most monitors. Monitor arms can be grommet- or clamp-mounted to the worksurface. Articulating keyboard trays complete the workstation.

Hutch-mounted tackboards can be finished in any Tayco standard PET to match the office decor.

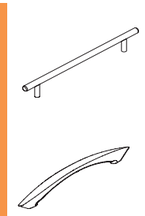
Standard LED task lights are available in two sizes.

handle details
Six handle options are available in choice of colors.

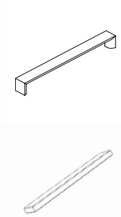
brooklyn melbourne



rosedale manhattan



horizon clifton



default vinyl color selections
Each laminate comes with matching vinyl trim color unless otherwise specified on your purchase order. Refer to the laminate finishes on page 19 for details.

filing options
Pedestal file drawers can accommodate letter- or legal-size documents. Letter-size papers can be filed either front to back or side to side. Lateral drawers can accommodate front to back or side to side filing of legal- or letter-size documents.

Disclaimer: Please note that lateral file drawers are intended for filing letter and legal size paper front to back or side to side only. For details and weight restrictions please contact customer service.

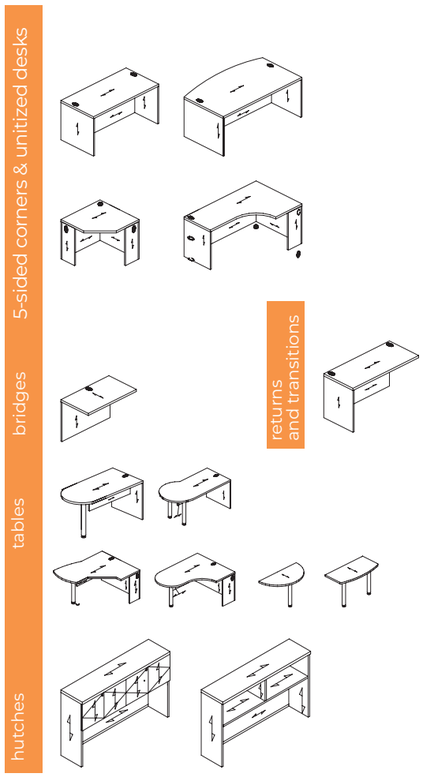
How to Order and Read your Code:

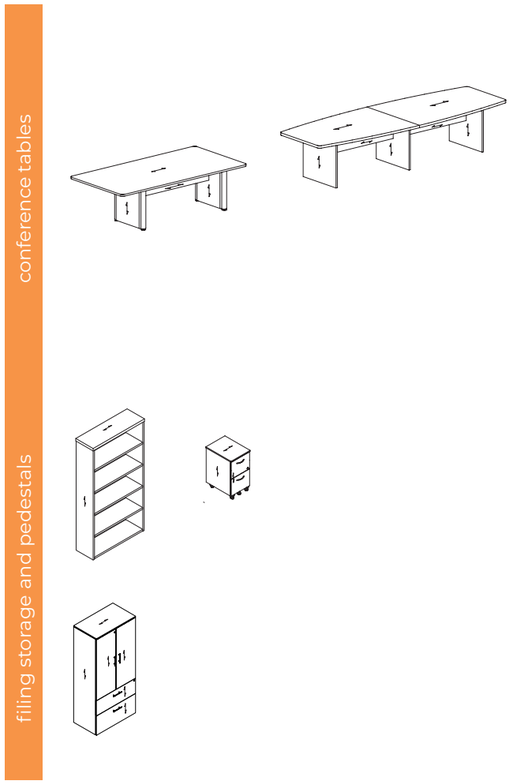
QM or QML	TS0G	60	21
product line	item	width	depth

grain direction

Horizontal Surfaces
When ordering a directional laminate, the grain will run the direction of the width of the worksurface (excluding bridge surfaces), hutch or storage top. Grain on bridge modesty runs vertically so the grain will run the same direction on the entire suite.

Vertical Surfaces
Directional laminates run vertically on vertical surfaces such as cabinet doors, pedestal drawer fronts and gables, as well as all cabinet, lateral file and pedestal kick-plates. The grain runs horizontally across the width of modesty panels.





Note: Boardroom tables with tops comprised of 2 or more pieces will not have a consistent grain pattern.

grommets

Oval shaped grommets are available in black or silver and square shaped grommets are available in black, silver or white to coordinate with furniture.

Components Including Grommets

- Peninsula tables
- Arc desks with pedestals
- Straight desks with recessed modesties and pedestals
- Straight desks with flush modesties
- Returns
- Bridges
- 5-sided corner worksurfaces
- Unitized desks
- Reception units

Components Available With or Without Grommets

- Arc desks without pedestals
- Straight desks with recessed modesties

Components Without Grommets

- “U” and “C” Tables

Grommet Placement
Surfaces up to and including 48” wide have one grommet located at back center of the surface. Surfaces 54” wide and wider have two grommets at either side of the back of the surface.

1.5" Racetrack Tabletop w/Power and Data

How to Specify:

Each laminate comes with matching vinyl trim color unless otherwise specified on your purchase order. Refer to the laminate finishes on page 19 for details.

Notes:

Tabletops 72"-96"W are configured in one-piece top.

Tabletops 108"-192"W are configured in two-piece tops.

Tabletops 204"-240"W are configured in three-piece tops.

Single-piece tabletops are equipped with one power and data grommet, two-piece tabletops are equipped with two power and data grommets, and three-piece tabletops are equipped with three power and data grommets.

Two power and dual USB-A receptacles with 3 open slots to accommodate RJ11, RJ45, HDMI, VGA or Stereo. Items for 3 open slots must be specified and purchased separately.

Boardroom tables with tops comprised of 2 or more pieces will not have a consistent grain pattern.

Options:

laminate color

grommet color (for tabletops with power and data)
