56 Maxa Chair
13 Layla Coffee Tables
350 Mars (4-leg)
100 Mars (5-star base)
4 Carlo Guest Chairs
4 Choo Lounge Chairs

Nipissing University

When Nipissing University and Canadore College were in the final stages of construction of their new Library and Learning Centre located at the main campus in North Bay, they invited manufacturers to submit proposals for the supply and installation of office, library, and lounge furniture.

Tayco was awarded the entire contract by presenting the right mix of product and price with the ability to meet the expedited delivery schedule that no other manufacturer could accommodate.

Study areas were furnished with the simple, clean lines of Pegasus Tables and Mars Chairs. Computer areas maintained the same aesthetic, with increased functionality as Pegasus Tables containing full electrics and Mars Chairs featured a 5-star swivel base. Lounge areas continued the modern aesthetic with Maxa sofas and chairs, and Layla coffee tables.

The final outcome of the new Library and Learning Centre is a space of relaxed openness that is conducive to learning.
