34 chairs

State Bank of India (Canada)

Established in 1982 as a wholly owned subsidiary of State Bank of India, the SBIC has been servicing Canadians in Ontario and British Columbia. For the last 25 years, they have been known for excellent customer service staff drawn from diverse communities and origin, who are fluent in many different Indian languages.

SBIC's criteria for their latest branch opening in downtown Toronto, was to create a "banking jewel" on Bay Steet. AME Design Associates chose Tayco for its clean, modern aesthetic to contrast the Indian teak panel details and blue marble counters. The result is a contemporary juxtaposition to traditional banking environments.

The bank features Metropolis Collaborate with Lily Mesh seating for the customer service staff, while the private offices were outfitted with Up post-and-beam system and Moneypenny task chairs. Mars guest chairs were used in meeting rooms and throughout the space for the customers.
