tayco | product overview

Tayco introduces Metro, a full line of case goods and conference furniture.

Metro is divided into three distinct product groups for ease of specifying: Executive, Professional and Conference. The price book is divided into the same three sub-groupings, and the prefix of the product code indicates the product group.

T – Metro Executive
TL – Metro Professional
TB – Metro Conference

Metro Executive and Professional series contain the building blocks for the CEO's office, a flexible team environment or a welcoming reception area. An abundance of freestanding storage towers are available for places to hang your coat, file important papers or store personal items. Whether you need to create an impression, save space or encourage collaboration, Metro does it all.

Metro Conference can be formal or casual, a place for working meetings, video-conferencing or large presentations. It customizes to your needs through a wide selection of sizes and mix-and-match table shapes and base styles. Cabinetry has been made larger to match the proportions of the conference room. Accessory items such as audiovisual cabinets, mobile media centers, lecterns, whiteboards and serving cabinets round out the line.

Metro Executive and Conference feature 1.5"-thick worksurfaces, hutch and freestanding storage tops. These items also have a choice of Straight or Gothic trim styles. Metro Professional has 1"-thick worksurfaces, hutch tops, filing and storage tops with a straight 2-mm vinyl edge.

desks, returns, bridges and credenzas

Desks are available with a choice of recessed or flush modesties. Metro desks, end gables and modesties are made with 45 lb./cubic foot density industrial-grade composite wood core, finished on both sides. Many pieces are available with partial or full modesties. Partial modesties (12"H) should be ordered only for pieces located next to a wall. Otherwise, full modesties should be used.

pedestals

All pedestal drawers are outfitted with full extension slides. Drawers can be easily removed by releasing the small catches on either side of the slide. Pedestals come standard with locks. One lock will lock both file drawers in a file/file pedestal and one box drawer and the file drawer in the box/box/file pedestal. File drawers will accommodate legal- or letter-size documents.

freestanding storage and combo cabinets

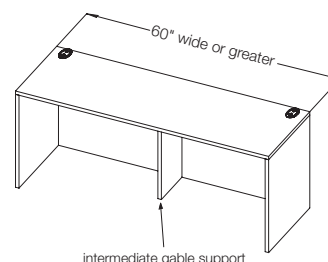

Various combination filing and storage units provide a place to hang a coat, store personal items and documents to suit any individual's needs.

intermediate gable supports

Some configurations require the use of an intermediate gable support. This support must be ordered separately. The situations requiring an intermediate gable support are:

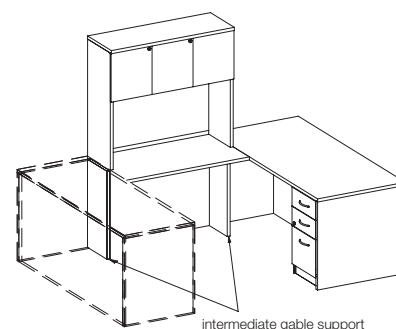

- > For use under surfaces 60" wide or greater where there is no filing or storage to support the worksurface (see picture 1). This applies to Metro Professional only. The intermediate support is not necessary for Metro Executive configurations, unless a hutch is placed over a bridge or return surface (see picture 2).

surfaces 60" wide or greater

picture 1

under surfaces with a hutch

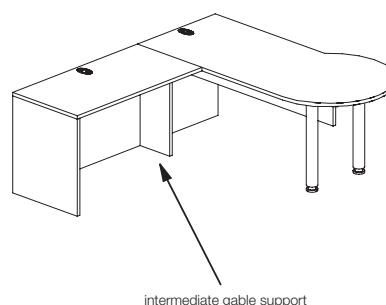

picture 2

- > Under return surfaces where the return meets the primary desk or Peninsula table. This applies to Metro Professional only.

The 12" wide intermediary gable is for 21" - and 24"-deep surfaces and the 18"-wide intermediate gable is used with 30" - and 36"-deep worksurfaces.

universal gable support

tayco | product overview

accessories

Computer accessories include flat-screen monitor arms, articulating keyboard trays and CPU holders.

Heavy-duty flat-screen monitor arms adjust to the user while storing wires within the arm. The monitor mounting plate meets VESA standards to accommodate most monitors. Monitor arms can be grommet- or clamp-mounted to the worksurface. Articulating and retractable keyboard trays and mobile or underdesk-mounted CPU holders complete the workstation.

Hutch-mounted tackboards can be finished in any Tayco standard fabric to match the office decor. The conference room whiteboard comes standard with a dry erase board and two fabric-wrapped tackboards. Standard task lights are available in two sizes and come with vertical wire management. An optional task light is available.

hutches and cabinets

Hutch and cabinet doors come in a choice of classic laminate or aluminum-framed frosted acrylic. Hutches with laminate doors always come standard with locking doors.

Hutches come open or closed, with or without pigeonholes and a flexible apron for wire management. Optional hutch mounted tackboards finished in any of Tayco fabrics can be ordered to complete the look.

coffee and end tables

Metro coffee and end tables coordinate with reception units and are available with or without a fixed shelf.

bookcases

Straight and radius bookcases have height-adjustable shelves with the exception of any desk-height shelves. They are fixed to add structural stability to the bookcase.

handle details

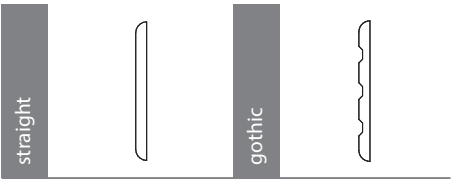

Six handle options are available in choice of colors. Melbourne is the standard handle option unless otherwise specified on your Purchase Order. All Executive and Professional handles are 5" lo

default vinyl color selections

Each laminate comes with matching vinyl trim color unless otherwise specified on your purchase order. Refer to the laminate finish card for details.

edge profiles

Metro Executive and Conference are available with a selection of two edge profiles.

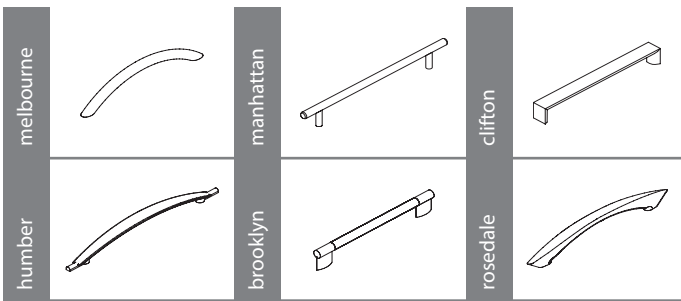

Straight profile is available in:

- > Executive
- > Professional
- > Conference

Gothic profile is available in:

- > Executive
- > Conference

tayco | product overview

decorative trim placement

Generally the decorative trim is placed on the exposed surface edge.
Straight trim is applied to surface edges that are placed next to a wall or another surface.

tayco | product overview

grain direction

Horizontal Surfaces

When ordering a directional laminate, the grain will run the direction of the width of the worksurface (excluding bridge surfaces), hutch or storage top. Grain on bridge modesty run vertically so the grain will run the same direction on the entire suite.

Vertical Surfaces

Directional laminates run vertically on vertical surfaces such as cabinet doors, pedestal drawer fronts and gables, as well as all cabinet, lateral file and pedestal kick-plates. The grain runs horizontally across the width of modesty panels.

desks		coffee and end tables	
5-sided corners and unitized			
bridges		conference tables	
	returns and transitions		
tables		filing storages and pedestals	
hutches		presentation tools	

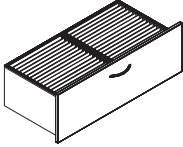

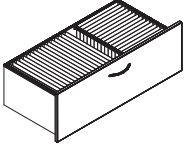

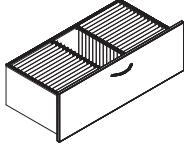

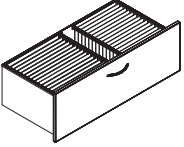

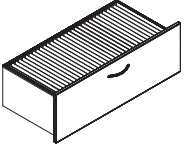

Note: Boardroom tables with tops comprised of 2 or more pieces will not have a consistent grain pattern.

tayco | product overview

filing options

Pedestal file drawers can accommodate letter- or legal-size documents. Letter-size papers can be filed either front to back or side to side. Lateral drawers can accommodate front to back or side to side filing of legal- or letter-size documents.

Disclaimer: Please note that lateral file drawers are intended for filing letter and legal size paper front to back or side to side only. For details and weight restrictions please contact customer service.
