

Scene. Transform your workspace.

Scene is an urban-inspired furniture solution which addresses the needs of the modern workforce in both private office and open plan settings. Incredibly conscious of both function and value. Scene was designed to easily adapt to the ever changing needs of today's workplace in an aesthetically striking fashion.

Desktops, Tabletops, Countertops and Filing and Storage Tops

- All worksurfaces, tabletops, countertops, and freestanding and filing and storage tops are 1" thick thermally fused melamine with 45-lb/cu ft density industrial grade composite wood core.
- Worksurfaces are available in a choice of 18 standard laminates. Custom laminates are available upon request.
- Surfaces are finished with 2mm vinyl edgebanding in a choice of 14 colors. All wood grain laminates have a matching wood grain vinyl trim.
- Grommet covers are ABS.

Assembly

- Worksurfaces and bridge surfaces come unassembled. Non-assembled goods will be packaged in a carton and shipped on pallets to negate any assembly challenges.
- Freestanding tables are shipped ready to assemble.
- Surfaces have the ability of be supported by a pedestal or gable support.

Freestanding Tables

- Round tables are available in 36", 42" and 48" diameters. Tabletops are 1" thick.
- Square tables are available in the following sizes:
 - > 36"x36"
 - > 42"x42"
 - > 48"x48"
- All tables are equipped with four kickstand legs.
- Leg finishes are available in silver, black or white.

Gable/ Leg Supports

- Gable supports are specified as part of the overall configuration
- Gables come with a 3" glide providing 2^{1/2} inch of height adjustability to the desk.
- Gables are available in white, black or silver.
- Gables are 16 gauge CRS steel.

Scene. Transform your workspace.

Credenzas

- Credenzas include underdesk storage and filing units in the product code and ship as a complete piece, or can be specified as a shell separate from storage and filing components.
- Credenzas are available in a depth of 18^{1/2}" and a width of 19^{1/4}". Available widths are dependent on style.

Pedestals

- A wide variety of laminate under desk and mobile pedestals are available.
- Underdesk pedestals are constructed of 3/4" thermally fused melamine. Underdesk pedestals can be specified for 18" and 24" deep surfaces.
- Underdesk pedestals have four adjustable 1^{1/2}" high leveling glides that provide up to one inch of adjustability.
- Pedestals are available with combinations of 6^{1/2}" and 13" high drawer fronts.
- Drawer slides are used to attach the drawer to the case. Each drawer has the slide capacity to support a load of up to 100lb. Drawers and slides are removable and interchangeable on-site.
- All pedestals come equipped with a locking mechanism. One lock has the ability to lock two bottom drawers. Stations can be keyed-alike upon request. Master keys are available for the facility manager upon request.
- Pedestal file drawers can accommodate legal or letter size documents.
- Box and file drawers have full extension steel ball-bearing slides and the top box drawer in both a box/box/file and box file includes a pencil tray.
- Mobile pedestals come equipped with a fifth caster on the

bottom drawer to ensure stability. Mobile pedestals have a 3/4" top finished in 2mm vinyl edge banding. Two-inch diameter casters allow the pedestal to slide easily under the desk.

- Mobile pedestals are available in a depth of 18".

Lateral Files

- Lateral files are available as freestanding or underdesk units.
- Full-extension ball-bearing slides on the drawers allow complete and unobstructed access with front-to-back or side-to-side filing rails to maximize the use of drawer filing space and to better organize documents. Legal and letter size documents can be filed front to back or laterally within the drawer.
- Units have a built-in anti-tilt mechanism, which only allows one drawer to be opened at a time for safety purposes. Lateral file case and fronts are constructed of thermally fused melamine. Drawer interiors in lateral files accept adjustable hanger bars for filing letter and legal hanging files.
- All lateral files come equipped with a locking mechanism. Stations can be keyed-alike upon request. Master keys are available for the facility manager upon request.
- Lateral files have four 1^{1/2}" high glides that allow the pedestal to adjust up to one inch in height.

Freestanding Lateral Files

- Freestanding lateral files are available in 2 drawer high, 3 drawer high, and 4 drawer high configurations. All laterals are available in 30", 36" or 42" widths.
- The lateral file top is 1" thick thermally fused melamine with 45-lbs/cu ft density wood core. The top attaches to the lateral file case.

Scene. Transform your workspace.

- Doors are available in standard laminate and acrylic finishes.

Storage Cabinets

- Freestanding storage cabinets are available in widths of 30", 36" and 42" and come with 18" and 24" depths.
- On freestanding storage taller than 29", the shelf at worksurface height, 29", will be fixed. Other shelves are adjustable.
- Cabinets come standard with locks.
- They have leveling glides for height adjustability.

Wall Mounted Storage

- Wall mounted storage is available in widths of 36", 48", 54", 60", 66" and 72" and come in a depth of 14".
- Hinged door hatches are available in standard laminate and acrylic finishes.

Tall Cabinets

- Double-Height cabinets are 56" high and 70" deep.
- Casings are constructed of 3/4" thermally fused melamine with a 1" thick top.
- A 24" wide cabinet is available with a coat bar and shelves.
- Cabinets are available in the following combinations:
 - > Storage cabinet with shelves
 - > Box/box/file bottom with cabinet top
 - > File/file bottom with cabinet top
- The cabinet portion of units with cabinet doors comes with choice of 3/4" thermally fused melamine door with vinyl edge, or optional textured acrylic doors. They also come equipped with adjustable shelves.

Laminate, Vinyl, and Metal Handle Finishes for Filing and Cabinetry

- Filing and cabinetry are available in 18 laminate finishes.
- Drawer handles come in a choice of four styles.
- Horizon handles are available in silver, white and black. Brooklyn, clifton and Melbourne are available in brushed nickel.
- Laminates are finished with a combination of tape matching the laminate, and vinyl edge banding.
- Vinyl is available in 14 standard colors.
- All wood grain laminates have a matching wood grain vinyl trim.
- Doors and drawer fronts may be specified with a different laminate than the file or cabinet casing.
- Special or COM materials are available upon request.

Screens

- Posts are available to support partitions in order to create privacy between stations
- The post is 14" or 20" high only
- Posts are mounted into pre-drilled holes on the tops of worksurfaces.

Partitions

- Laminate, tackable fabric, acrylic glazed, whiteboard, and accessory partitions are available.
- Accessory partitions are 8" high and 24" to 66" wide
