### Statement of Intent:

Tayco Panelink Ltd. creates particulate matter (PM2.5 and PM10) in several different dust collectors which will be treated as 1 process. This plan documents the options available to Tayco to reduce the creation of PM2.5 and PM10 at the facility.

### Objective:

Tayco produces office furniture and cubicle dividers. The manufacturing process consists of assembling pre-cut parts, cutting parts, coating parts, and assembling the final product.

Tayco's goal is to minimize the creation of Particulate Matter (PM2.5 and PM10) at the facility.

**Summary**

**Reason for Use:**

Particulate matter is created at the dust collector as a by-product during the manufacturing process. PM is not intentionally created in the process.

**Target:**

At this time, no feasible option is available for implementation. Tayco will continue to reduce the creation of particulate matter PM2.5 and PM10 as the opportunity arises, when the equipment comes up for renewal or replacement during its regular life cycle.
