41

Different Countries

Diverse in more than just talent and skill, our Tayco Team Members were born in 41 different countries.

90%

Locally Sourced

Supporting local economies, we source more than 90% of our raw materials from North America.

460+

Improvements

Tayco Team Members have successfully implemented 460+ documented improvements in the last year.

2,396.5

Years of Collective Experience

Our Team thrives on 2,396.5 years of collective Tayco experience.

BETTER TOGETHER

What makes a workspace great?

At Tayco, we believe that it's a collaborative effort of diverse and friendly staff, natural passion for our craft, and high-quality, dependable materials; which come together to create environments that not only inspire innovation, communication, and efficiency but also offer progressive design.

We see things differently. To us, a desk isn't just a desk. At Tayco, a workspace becomes a strategized, tested, and expertly architected hub of the office – a place to work, a place to learn, a place to express oneself, and a place to execute on extraordinary ideas.

We care about our work because we genuinely care about people and we understand how much time is spent in an office. By creating tailored furniture pieces that make a mark on those who use them, we're proud to support a healthy work culture where individual needs are acknowledged and respected.

On a personal note, I'm elated to be celebrating my 20th anniversary with Tayco this year. It is my greatest honour to work with our enthusiastic Clients and talented Team every day. With a passion for creating jobs and for supporting work environments that are fair, honest, and allow for exceptional growth, I believe there is no limit to what we can accomplish together.

A stylized, handwritten signature in black ink.

KEVIN PHILIPS
CEO
