

SCENE SHIELD

tayco®

Keep your People **PROTECTED**

A modern take on divisional solutions using Tayco's signature Scene posts. The Scene Shield, offered in 24" high, is easy to install, and can be retrofitted to any current setup. The screens can be simply attached with a clamp, avoiding any damage to the surface, or can be permanently fastened with screws.

Available as a complete unit, in a single screen, extended screen, "U" configuration, or by part, allowing users to create a customized set-up for their current benching configuration.

The Scene Shield comes in full length or with a 2" gap between the surface and screen to allow for the easy pass-through of items between neighbours. Finally, for extra protection, the Scene Shield also offers screens that extend 12" past the worksurface.

Offered in a wide range of finishes, this is the ideal solution for quickly adding division to the open office.
