

# SCENE SHIELD

Part of the Tayco Shield Collection

tayco®

# Keep Your People PROTECTED.

A modern take on divisional solutions using Tayco's signature Scene posts.

The Scene Shield, offered in 24" high, is easy to install, and can be retrofitted to any current setup. The screens can be simply attached with a clamp, avoiding any damage to the surface, or can be permanently fastened with screws.

Available as a complete unit, in a single screen or a "U" configuration, or available by part, to create a customized set-up for your current benching configuration.

The Scene Shield also comes in full length or with a 2" gap between the surface and screen to allow for the easy pass-through of items between neighbours.

Offered in a wide range of finishes, this is the ideal solution for quickly adding division to the open office.
