

HEIGHT ADJUSTABLE TABLES

Height adjustable tables provide the flexibility and function necessary for healthy living in today's modern working environments. High quality motors with pre-sets allow for a quiet and easy transition from sitting to standing at the press of a button. This ergonomic solution can stand alone for a touch down station or integrate into Tayco's numerous benching, private office, and system solutions.

Surfaces

- All surfaces are 1" thick and fabricated from thermally fused melamine with 45-lbs/cu ft density industrial grade composite wood core.
- Surfaces are available in a standard selection of solid and woodgrain laminates. Custom laminates and high pressure laminates are available upon request.
- Surfaces are finished with a PVC edging which match the laminate colour of choice
- Oval and square grommet options available.

Desks

- All desk heights are within the 24" - 50" range.
- All desks are between 46" - 84" in length.
- The cleanly designed column size is 90 x 60 mm.
- All desks are factory tested to ensure quality assurance and customer satisfaction.
- All height adjustable tables come in silver, white and black in order to match unique interior layouts.
- Height Adjustable Desks require on-site assembly.

Technology

- Quiet and easy to move, the noise of the height adjustable tables works out to be less than 40 dB, ensuring you won't disturb anyone while you find your most comfortable working position.
- Each table includes a Gyroscopic sensor, electric current sensor, and a dual sensor design for control system.
- Duty Cycle: 10% (2 minutes working and 18 minutes rest)
- Contains a 4 memory key hand set, making it easy for you to adjust your table at any point in the work day.
- Desks are convenient and quick to raise or lower with a speed of 32mm/s.
- 2 Motors available on 2 leg option, 3 motors available on 3 leg option.
