Caution

Load Bottom Drawer First

- Operate one drawer at a time
- Units may tip if loaded incorrectly
- Units should be attached to a wall or other furniture to reduce tipping hazard
- Always load the heaviest files in the bottom drawer

Heavy Load

- Some products must be anchored to wall to ensure stability & safety.
- It is the owner and installers responsibility to ensure that the wall type and construction is of sufficient strength to carry the loads of any wall mounted products and their contents.
- Failure of the wall and anchors to support all imposed loads may result in property damage and/or personal injury.
- Tayco can provide size and empty weight of its products only. As wall blocking is considered a building construction process, Tayco cannot provide recommendations in this respect and cannot be responsible for damage or injury that may occur as a result of improper installation and/or blocking.

Instability Hazard

Mobile items on casters such as flip top, personal and movable tables of any type and storage items of any type may present an instability hazard if not secured correctly while in use or in storage. Flip top tables or training tables of any type, are inherently more unstable when folded. Tayco provides the following guidelines & warnings when using mobile products:

- Lock casters immediately after moving. Do not leave the casters unlocked when in use or in storage.
- Motion may increase the instability of any item with casters. If the wheels hit an obstruction the table's forward momentum often causes overturn, especially if the item is not equipped with wheel extensions. Exercise strong caution while moving these items.
- Use caution when abrupt level changes in the floor are present (such as a doorway or room threshold) as caster failure or tipping may result.
- Do not stand, sit or lean on mobile items for support. They are not intended for this use and personal injury or property damage may result.
- Mobile units that feature height adjustable elements must be lowered to the minimum compressed height when moving to prevent instability. It is also recommended the user remove all computer equipment or other accessories to prevent possible weight imbalance or damage to equipment.
- Failure to follow the guidelines above may result in property damage or personal injury.

Overview

Tayco introduces Metro, a full line of case goods and conference furniture.

Metro is divided into three distinct product groups for ease of specifying: Executive, Professional and Conference. The prefix of the product code indicates the product group.

- T – Metro Executive
- TL – Metro Professional
- TB – Metro Conference

Metro Executive and Professional series contain the building blocks for the CEO's office, a flexible team environment or a welcoming reception area. An abundance of freestanding storage towers are available for places to hang your coat, file important papers or store personal items. Whether you need to create an impression, save space or encourage collaboration, Metro does it all.

Metro Conference can be formal or casual, a place for working meetings, video-conferencing or large presentations. It customizes to your needs through a wide selection of sizes and mix-and-match table shapes and base styles. Cabinetry has been made larger to match the proportions of the conference room. Accessory items such as audiovisual cabinets, mobile media centers, lecterns, whiteboards and serving cabinets round out the line.

Metro Executive and Conference feature 1.5"-thick worksurfaces, hutch and freestanding storage tops. These items also have a choice of Straight or Gothic trim styles. Metro Professional has 1"-thick worksurfaces, hutch tops, filing and storage tops with a straight 2-mm vinyl edge.

desks, returns, bridges and credenzas

Desks are available with a choice of recessed or flush modesties. Metro desks, end gables and modesties are made with 45 lb./cubic foot density industrial-grade composite wood core, finished on both sides. Many pieces are available with partial or full modesties. Partial modesties (12"H) should be ordered only for pieces located next to a wall. Otherwise, full modesties should be used.

pedestals

All pedestal drawers are outfitted with full extension slides. Drawers can be easily removed by releasing the small catches on either side of the slide. Pedestals come standard with locks. One lock will lock both file drawers in a file/file pedestal and one box drawer and the file drawer in the box/box/file pedestal. File drawers will accommodate legal- or letter-size documents.

freestanding storage and combo cabinets

Various combination filing and storage units provide a place to hang a coat, store personal items and documents to suit any individual's needs.

intermediate gable supports

Some configurations require the use of an intermediate gable support. This support must be ordered separately. The situations requiring an intermediate gable support are:

> For use under surfaces 60" wide or greater where there is no filing or storage to support the worksurface (see picture 1). This applies to Metro Professional only. The intermediate support is not necessary for Metro Executive configurations, unless a hutch is placed over a bridge or return surface (see picture 2).

surfaces 60" wide or greater

picture 1

under surfaces with a hutch

picture 2

> Under return surfaces where the return meets the primary desk or Peninsula table. This applies to Metro Professional only.

The 12" wide intermediary gable is for 21"- and 24"-deep surfaces and the 18"-wide intermediate gable is used with 30"- and 36"-deep worksurfaces.

universal gable support

picture 3

accessories

Computer accessories include flat-screen monitor arms, articulating keyboard trays and CPU holders.

Heavy-duty flat-screen monitor arms adjust to the user while storing wires within the arm. The monitor mounting plate meets VESA standards to accommodate most monitors. Monitor arms can be grommet- or clamp-mounted to the worksurface. Articulating and retractable keyboard trays and mobile or underdesk-mounted CPU holders complete the workstation.

Hutch-mounted tackboards can be finished in any Tayco standard fabric to match the office decor. The conference room whiteboard comes standard with a dry erase board and two fabric-wrapped tackboards. Standard task lights are available in two sizes and come with vertical wire management. An optional task light is available.

hutches and cabinets

Hutch and cabinet doors come in a choice of classic laminate or aluminum-framed frosted acrylic. Hutches with laminate doors always come standard with locking doors. Hutches come open or closed, with or without pigeonholes and a flexible apron for wire management. Optional hutch mounted tackboards finished in any of Tayco fabrics can be ordered to complete the look.

coffee and end tables

Metro coffee and end tables coordinate with reception units and are available with or without a fixed shelf.

bookcases

Straight and radius bookcases have height-adjustable shelves with the exception of any desk-height shelves. They are fixed to add structural stability to the bookcase.

handle details

Six handle options are available in choice of colors. Melbourne is the standard handle option unless otherwise specified on your Purchase Order. All Executive and Professional handles are 5" long.

default vinyl color selections

Each laminate comes with matching vinyl trim color unless otherwise specified on your purchase order. Refer to the laminate finish card for details.

edge profile

Metro Executive, Professional and Conference is available in a straight edge profile.

straight

Straight profile is available in:

- > Executive
- > Professional
- > Conference

decorative trim placement

Generally the decorative trim is placed on the exposed surface edge.
Straight trim is applied to surface edges that are placed next to a wall or another surface.

grain direction

Horizontal Surfaces
When ordering a directional laminate, the grain will run the direction of the width of the worksurface (excluding bridge surfaces), hutch or storage top. Grain on bridge modesty runs vertically so the grain will run the same direction on the entire suite.

Vertical Surfaces
Directional laminates run vertically on vertical surfaces such as cabinet doors, pedestal drawer fronts and gables, as well as all cabinet, lateral file and pedestal kick-plates. The grain runs horizontally across the width of modesty panels.

Note: Boardroom tables with tops comprised of 2 or more pieces will not have a consistent grain pattern.

filing options

Pedestal file drawers can accommodate letter- or legal-size documents. Letter-size papers can be filed either front to back or side to side. Lateral drawers can accommodate front to back or side to side filing of legal- or letter-size documents.

Disclaimer: Please note that lateral file drawers are intended for filing letter and legal size paper front to back or side to side only. For details and weight restrictions please contact customer service.

lateral file drawers

Lateral File Drawer (36W & 42W)
Legal filing – front to back
Underdesk: 15"
Freestanding: 15"

Lateral File Drawer (36W & 42W)

Legal filing – side to side
Underdesk: 12"
Freestanding: 12"

grommets

Grommets are available in black or silver to coordinate with furniture.

Black is the standard grommet option unless otherwise specified on your Purchase Order.

Components Including Grommets

- > Peninsula tables
- > Arc desks with pedestals
- > Straight desks with recessed modesties and pedestals

Straight desks with flush modesties and without pedestals

- > Returns without pedestals
- > 24" deep returns with pedestal
- > 30" deep returns with pedestal
- > 24" deep desks with flush modesties and pedestals
- > 30" deep desks with flush modesties and pedestals
- > 36" deep desks with flush modesties and pedestals
- > Bridges
- > Straight transition worksurfaces
- > 5-sided corner worksurfaces
- > Unitized desks
- > Reception units

Components Available With or Without Grommets

- > Arc desks without pedestals
- > Straight desks with recessed modesties and without pedestals

Components Without Grommets

- > Credenzas
- > 21" deep desks with pedestal
- > 21" deep returns with pedestal
- > "U" and "C" Tables

Grommet Placement

Surfaces up to and including 48" wide have one grommet located at back center of the surface. Surfaces 54" wide and wider have two grommets at either side of the back of the surface.

1.5" Boat-Shaped Tabletop w/Power and Data

How to Specify:

Each laminate comes with matching vinyl trim color unless otherwise specified on your purchase order. Refer to the laminate finish card for details.

Notes:

- Tabletops 72"-96"W are configured in one-piece top.
- Tabletops 108"-192"W are configured in two-piece tops.
- Tabletops 204"-240"W are configured in three-piece tops.
- Single-piece tabletops are equipped with one power and data grommet, two-piece tabletops are equipped with two power and data grommets, and three-piece tabletops are equipped with three power and data grommets.
- Two power and dual USB-A receptacles with 3 open slots to accommodate RJ11, RJ45, HDMI, VGA or Stereo. Items for 3 open slots must be specified and purchased separately.
- Boardroom tables with tops comprised of 2 or more pieces will not have a consistent grain pattern.

Options:

- laminate color
- edge profile
- grommet color (for tabletops with power and data)
