Load Bottom Drawer First

- Operate one drawer at a time
- Units may tip if loaded incorrectly
- Units should be attached to a wall or other furniture to reduce tipping hazard
- Always load the heaviest files in the bottom drawer

Heavy Load

- Some products must be anchored to wall to ensure stability & safety.
- It is the owner and installers responsibility to ensure that the wall type and construction is of sufficient strength to carry the loads of any wall mounted products and their contents.
- Failure of the wall and anchors to support all imposed loads may result in property damage and/or personal injury.
- Tayco can provide size and empty weight of its products only. As wall blocking is considered a building construction process, Tayco cannot provide recommendations in this respect and cannot be responsible for damage or injury that may occur as a result of improper installation and/or blocking.

Instability Hazard

Mobile items on casters such as flip top, personal and movable tables of any type and storage items of any type may present an instability hazard if not secured correctly while in use or in storage. Flip top tables or training tables of any type, are inherently more unstable when folded. Tayco provides the following guidelines & warnings when using mobile products:

- Lock casters immediately after moving. Do not leave the casters unlocked when in use or in storage.
- Motion may increase the instability of any item with casters. If the wheels hit an obstruction the table's forward momentum often causes overturn, especially if the item is not equipped with wheel extensions. Exercise strong caution while moving these items.
- Use caution when abrupt level changes in the floor are present (such as a doorway or room threshold) as caster failure or tipping may result.
- Do not stand, sit or lean on mobile items for support. They are not intended for this use and personal injury or property damage may result.
- Mobile units that feature height adjustable elements must be lowered to the minimum compressed height when moving to prevent instability. It is also recommended the user remove all computer equipment or other accessories to prevent possible weight imbalance or damage to equipment.
- Failure to follow the guidelines above may result in property damage or personal injury.

height adjustable surface

height adjustable base

What’s Included:

One (1) 120 Volley table (1) with one (1) grommet, a set of height adjustable supports (1) and one digital height display unit (1).

Notes:

Worksurface is 1-inch thick. All worksurfaces have 2mm vinyl edge trim. Low pressure laminate is available on the top surface of a worksurface.

Table height can be adjusted to 25” from the ground and raised to a maximum height of 51” from the ground. BIFMA bases can be adjusted to 22.75” from the ground and raised to a maximum height of 48.75” from the ground.

Load capacity of 330lb with worksurface.

Freestanding Options:

Width	42”, 48”, 54”		
Depth	42”, 48”, 54”		
End	24”, 30”		
Worksurface Laminate	laminate color		
Leg color	silver	white	black

Integrated Options:

Width	40”, 46”, 52”		
Depth	40”, 46”, 52”		
End	23”, 29”		
Worksurface Laminate	laminate color		
Leg color	silver	white	black

What’s Included:

Straight desk worksurface (1) with a center grommet (1) a set of height adjustable supports (1) and one digital height display unit (1).

Notes:

Straight desk worksurface is 1-inch thick.
Table height can be adjusted to 25” from the ground and raised to a maximum height of 51” from the ground. BIFMA bases can be adjusted to 22.75” from the ground and raised to a maximum height of 48.75” from the ground.
Load capacity of 275lb with worksurface.

How to Specify:

Grommet can be specified in silver or white.

Edge color will default to match the surface color of the worksurface unless otherwise specified.

Pinch points are taken into account in all of the Integrated tables.

Freestanding Options:

Height Adjustable Table, w/Box Enclosure, w/Grommet, No Modesty

What’s Included:

HAT table, box enclosure, grommet

How to Specify:

Edge color will default to match the surface color of the worksurface unless otherwise specified.

Grommet can be specified in silver or white.

Enclosure comes with automatically matching worksurface laminate unless otherwise specified.

HAT leg can be specified in silver, black or white.

Notes:

Worksurface is 1-inch thick.

All worksurfaces have 2mm vinyl edge trim.

Low pressure laminate is available on the top surface of a worksurface.

Table height can be adjusted to 25.5" from the ground and raised to a maximum height of 51" from the ground.

Load capacity of 350lb with worksurface.

Options:

Width	60", 66", 72", 78", 84"

Height Adjustable Table, w/Box Enclosure, w/Grommet, w/ Trough & Modesty, 1" Top

What’s Included:

HAT table, box enclosure, grommet, modesty

How to Specify:

Edge color will default to match the surface color of the worksurface unless otherwise specified.

Grommet can be specified in silver or white.

Enclosure comes with automatically matching worksurface laminate unless otherwise specified.

HAT leg can be specified in silver, black or white.

Modesty can be specified in frost acrylic or laminate. Laminate modesty will default to match the worksurface colour unless otherwise specified.

Notes:

Worksurface is 1-inch thick.

All worksurfaces have 2mm vinyl edge trim.

Low pressure laminate is available on the top surface of a worksurface.

Table height can be adjusted to 25.5" from the ground and raised to a maximum height of 51" from the ground.

Load capacity of 350lb with worksurface.

Modesty size is adjusted to incorporate Volley height adjustable table enclosures

Options:

Flex Cable Organizer

What’s Included:

Flex Cable organizer

How to Specify:

This accessory is available in grey only.

Notes:

Designed to fit the Volley height adjustable table frame.
Attaches to frame using magnets. Can also be attached to underside of worksurface using screws.
Height under worksurface is 5" after installation.
Made from flexible woven seam welded plastic.
Includes 2" opening midway on both sides for cable access

Options:

Depth	10"
-------	-----

What's Included:

- Steel bridge under structure.
- 1.5" thick laminate top plinth + gable covers.
- Two metal gables with removable laminate covers for wire management.
- Under bridge cover conceals all wires.
- Sizes 108" and 240" come with a horizontal plinth with fixed laminate covers + removable metal insert.

How to Specify:

- Laminate comes with automatically matching vinyl trim unless otherwise specified.
- Metal accent color.
- Plinth laminates and gable covers can match or contrast the chosen top color.
- Metal Gables, bridge, and plinth side covers are painted in matching powder paint color.

Options:

Width	72", 84", 96", 108", 120", 132", 144", 156", 168", 180", 192", 204", 216", 228", 240"
Depth	36", 42", 48", 60"
Worksurface Laminate	Color
Gable + Plinth	Laminate Color
Metal Accent Color	

Notes:

- Sizes between 72"-96" come as a one-piece top.
- Sizes between 108"-192" come as a two-piece top.
- Sizes between 204"-240" come as a three-piece top.
- Tables between 132"-240" come with a 36" horizontal center plinth.
- Boardroom tables with two or more tops will not have a consistent grain pattern.

What's Included:

- Steel bridge under structure.
- 1.5" thick laminate top plinth + gable covers.
- Two metal gables with removable laminate covers for wire management.
- Under bridge cover conceals all wires.
- Sizes 108" and 240" come with a horizontal plinth with fixed laminate covers + removable metal insert.

How to Specify:

- Laminate comes with automatically matching vinyl trim unless otherwise specified.
- Metal accent color.
- Plinth laminates and gable covers can match or contrast the chosen top color.
- Metal Gables, bridge, and plinth side covers are painted in matching powder paint color.

Options:

Width	72", 84", 96", 108", 120", 132", 144", 156", 168", 180", 192", 204", 216", 228", 240"
Depth	36", 42", 48", 60"
Worksurface Laminate	Color
Gable + Plinth Laminate	Color
Metal Accent Color	

Notes:

- Sizes between 72"-96" come as a one-piece top.
- Sizes between 108"-192" come as a two-piece top.
- Sizes between 204"-240" come as a three-piece top.
- Tables between 132"-240" come with a 36" center plinth.
- Tops from 72"-96" have one unit consisting of two power, dual USB, & one open slot for RS45/RJ11/HDMI/video.
- Tops from 108"-192" have two units consisting of two power, dual USB, & one open slot for RS45/RJ11/HDMI/video.
- Tops from 204"-240" have three units consisting of two power, dual USB, & one open slot for RS45/RJ11/HDMI/video.
- Boardroom tables with two or more tops will not have a consistent grain pattern.

- Inner covers November match the tops and gables or can be selected from a contrasting finish.
- All metal components have an unified finish.
- Laminates surface will automatically come with matching configured trim unless otherwise specified.

Notes:

- Sizes between 60”-96” come as a one-piece top.
- Sizes between 108”-144” come as a two-piece top.
- Tables longer than 96” come with a mid-gable.
- Tops between 60”-96” come with one flush surface power unit consisting of 2 power & 2 USB.
- Tops from 108”-144” come with two power units, consisting of 2 power & 2 USB.
- When choosing optional side-mounted USB:
 - Tables without mid-legs have 4 USB power modules.
 - Up to 4 side mount USB units can be connected to one hub.
