

Echo

Echo PET Acoustic Panels are both resilient and smooth to the touch, crafted entirely from 100% polyester fiber, one of the most sustainable interior building materials available.

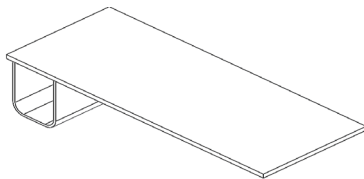

Tackboards

- Echo Tackboards offer acoustic functionality and practical versatility in both hanging and wall-mounted formats.
- The Hanging Tackboards easily hooks onto gallery panels and can be paired with optional whiteboards available in full or half sizes for note-taking and ideation.
- Wall Mounted Tackboards install seamlessly onto any surface, serving as a modern alternative to traditional fabric tackboards.
- Both styles feature PET construction in six color options, enhancing visual appeal while absorbing ambient noise in open spaces and meeting rooms.

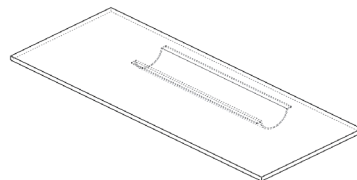

Accessories

Under Surface Mounted Bag Drop

- The height of the bag drop is 15 inches.
- The width is 12 inches.
- The depth is 16 inches.

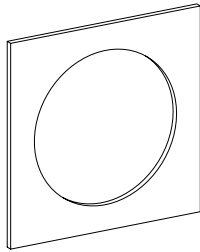

Under Surface Mounted Wire Manager

- The height of the wire manager is 5 inches.
- The width is 36 inches.
- The depth is 8.5 inches.

Echo

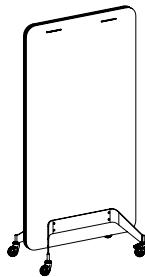

Wall Tiles

- Echo Accessories deliver acoustic performance, practical utility, and aesthetic enhancement across the workspace.
- Wall Tiles are available in four geometric shapes including Kite (14"H x 16"W), 3D Kite (14"H x 16"W), Circle (12"D), and Circle Square (16"H x 16"W). They come in six PET colors and adding playful visual texture and noise reduction to vertical surfaces.
- Tiles are made from recycled PET, offering sustainability, tackability, and sound absorption in one seamless package.
- All pieces are available in Tayco's full PET color palette, allowing for cohesive integration across furniture, panels, and architectural elements.

Privacy Screens

Mobile Screen with Optional Whiteboard Mount

- Echo Privacy Screens bring acoustic comfort and privacy to modern workspaces, with multiple configurations to suit any environment.
- Mobile Screens with Optional Whiteboard Mount (36"W, 66"-72"H, 19"D) are lightweight, easy to reconfigure, and can include an optional Whiteboard Mount in 42"H for note-taking and ideation.
- All styles are available in Tayco's PET finishes, offering sustainability, flexibility, and noise reduction in one refined solution.

Freestanding Privacy Divider

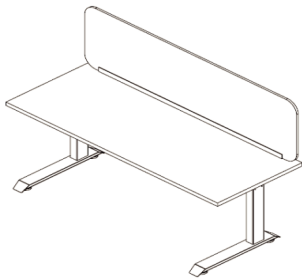

- These dividers are available in heights of 72, 66, 60, 54, and 48 inches.
- The width of the dividers is 36 inches.
- The depth of the dividers is 13 inches.

Echo

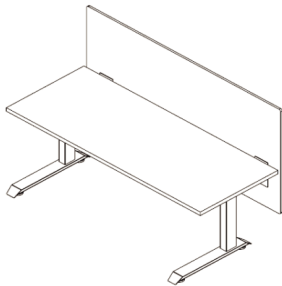

Privacy Screens

Surface Mount Privacy Median Screen

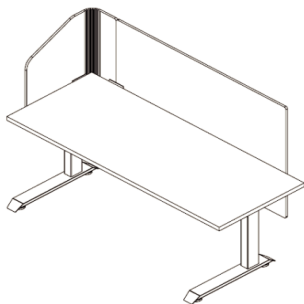

- These screens have a height of 18 inches.
- The available widths are 23, 29, 35, 41, 47, 53, 59, 65, and 71 inches.

Straight Run Privacy Screen

- These privacy screens measure 29 inches in height and are available in widths of 24, 30, 36, 42, 48, 54, 60, 66, and 72 inches.
- Installation requires mounting the screen 18 inches above the surface and 10 inches below, plus an additional 1-inch allowance.

Partial Wrap/Integrated Privacy Screen

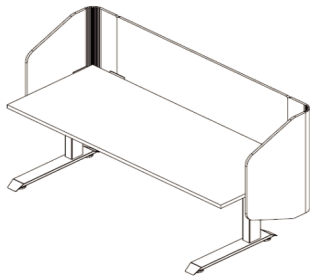

- For desks with a 24-inch depth, these screens are 29 inches high and come in widths of 18, 24, 30, 36, 42, 48, 54, 60, 66, and 72 inches, with a depth of 18 inches.
- For desks with a 30-inch depth, these screens are also 29 inches high, with widths of 18, 24, 30, 36, 42, 48, 54, 60, 66, and 72 inches, and a depth of 24 inches.
- Installation for both depths involves mounting 18 inches above the surface and 10 inches below, plus 1 inch.

Echo

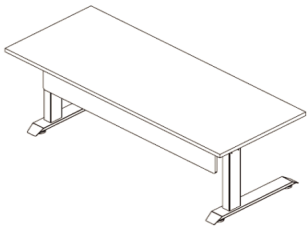

Full wrap U Shape Privacy Screen

- For desks with a 24-inch depth, these U-shaped screens are 29 inches high and available in widths of 38, 44, 50, 56, 62, 68, and 74 inches, with a depth of 18 inches.
- For desks with a 30-inch depth, the U-shaped screens are 29 inches high, with widths of 36, 42, 48, 54, 60, 66, and 72 inches and a depth of 22 inches.
- Integrated versions for 24-inch deep desks are 29 inches high, 36, 42, 48, 54, 60, 66, and 72 inches wide, and 17 inches deep.
- Integrated versions for 30-inch deep desks are 29 inches high, 34, 40, 46, 52, 58, 64, and 70 inches wide, and 21 inches deep.
- Installation for all U-shaped screens is 18 inches above the surface and 10 inches below, plus 1 inch.

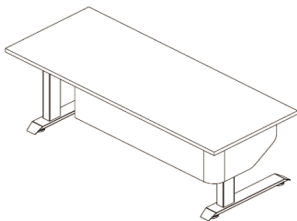

Modesty Panels

Modesty Straight

- These panels are 10 inches high and available in widths of 24, 30, 36, 42, 48, 54, 60, 66, and 72 inches.
- Installation is 10 inches below the surface.

Modesty Partial Wrap/ Integrated L Shape

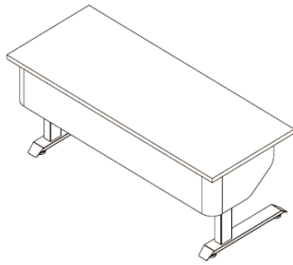

- For 24-inch depth integrated configurations, these panels are 10 inches high and come in widths of 17, 23, 29, 35, 41, 47, 53, 59, and 65 inches, with a depth of 18 inches.
- For 17-inch depth integrated configurations, these panels are 10 inches high and available in widths of 17, 23, 29, 35, 41, 47, 53, and either 59 or 65 inches, with a depth of 23 inches.
- Installation for these L-shaped panels is 10 inches below the surface.

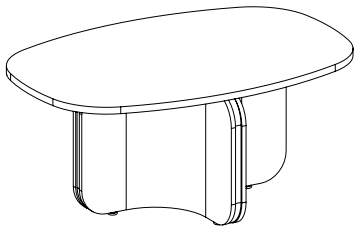

Echo

Modesty Full Wrap/ Integrated U Shape

- For 24-inch depth configurations, these panels are 10 inches high and come in widths of 34, 40, 46, 52, 58, 64, and 70 inches, with a depth of 18 inches.
- For 24-inch depth integrated configurations, these panels are 10 inches high and come in widths of 32, 38, 44, 50, 56, 62, and 68 inches, with a depth of 16 inches.
- For 30-inch depth configurations, these panels are 10 inches high, with widths of 34, 40, 46, 52, 58, 64, and 70 inches and a depth of 23 inches.
- For 30-inch depth integrated configurations, these panels are 10 inches high and come in widths of 32, 38, 44, 50, 56, 62, and 68 inches, with a depth of 22 inches.
- Installation for these U-shaped panels is 10 inches below the surface.

Tables

- Echo Tables combine acoustic functionality with contemporary style, making them ideal for lounges, collaborative spaces, and conference rooms.
- Available in Round (16"-29"H x 36"-60"W), Squirrel (16"-29"H x 36"-60"W), and Super Ellipse (16"H x 36"W x 24"D) shapes.
- These tables feature soft PET bases in six vibrant finishes and a range of 22 laminate colors.
- Choose from powered or non-powered options to suit various needs, while the minimalist forms elevate both comfort and design.
- With multiple sizes and heights, they offer flexibility for any setting while contributing to a quieter, more focused workspace.

Echo

- Product Name: PET Acoustic Panel
- Composition: 60% Polyester (100% PET-Recycled Fiber, 40% PET-Virgin Fiber)
- Fire Resistance:
 - ASTM E84 CLASS A
 - EN 13501 CLASS B

Features

- Formaldehyde-free
- No chemicals
- Odor and dust-free
- 100% Recycled Content/100% Recyclable
- Impact resistant/Tack-able
- Easy to handle & apply

Fire Ratings

- ASTM E84-2017
 - Thickness: 12mm
 - Result: Class A
 - Flame Spread Index: 5
 - Smoke-Developed Index: 170
 - Thickness: 25mm
 - Result: Class A
 - Flame Spread Index: 5
 - Smoke-Developed Index: 90
- BS EN 13501-1:2007+A1:2009
 - Thickness: 12mm
 - Result: CLASS B-s2, d0

Environmental

PET Acoustic Panels contain a minimum of 45% previously Recycled Polyester fiber (from PET bottle flakes). Off-cuts and manufacturing waste are re-used or recycled wherever possible. The product is manufactured from 100% Polyester fiber and does not contain formaldehyde binders, supporting safer indoor air quality and preventing potential airborne pollutants.

Acoustic Performance

PET Acoustic Panels are specifically designed to reduce and control reverberated noise and echo in building interiors.

- Frequency (Hz): 125, 250, 500, 1000, 2000, 4000
- 12mm: 0.00, 0.06, 0.22, 0.49, 0.71, 0.84

Additional Information

- Product has a directional grain.
- Product may vary from samples and batch to batch due to fiber blending and lay-up, which is an inherent feature of this product.
- Testing Material: Acoustic Panel
- Recycled PET/PET acoustic panel, white and disperse masterbatch dyed, recycled content 50%-90%: from post-consumer PET bottles.
- "Disperse masterbatch dyed Recycled PET/PET"
