

SCENE

Solutions for the
Open Ecosystem

STYLE AND PRODUCTIVITY IN THE OPEN PLAN WORKSPACE

Scene is a versatile furniture system designed to complement the dynamic pace of modern work environments. Combining sophisticated style with agile performance, Scene seamlessly adapts from open-plan benching to private offices, creating a cohesive and elevated aesthetic throughout every corner of the workplace.

Designed with flexibility at its core, Scene features height-adjustable worksurfaces and smart storage solutions that support both movement and organization. Flag storage and mobile pedestals add both function and flair, giving teams the freedom to adapt, focus, and collaborate with ease.

With a clean, contemporary aesthetic and modular functionality, Scene is designed to meet the demands of dynamic work environments. From collaborative zones to focused individual workspaces, it brings effortless adaptability and elevated style to every setting.

Whether supporting hoteling, shared workstations, or private spaces, Scene adapts to the evolving needs of today's workforce combining sophistication, comfort, and productivity in one seamless system.

Scene features open frame gables, kickstand support legs, flag storage for lateral privacy, and mobile pedestals with optional cushions, all available in over 20 laminate finishes bringing a sleek, minimal aesthetic to any modern workspace.
