THE ART OF WORKPLACE DESIGN

Great design goes beyond aesthetics—it's about crafting purposeful spaces that authentically reflect the people who inhabit them. With adaptable solutions and a keen focus on individual preferences, we create workspaces that are as unique as the businesses they support.

SPECIALIZED ENVIRONMENTS

SUSTAINABILITY

Tayco is deeply committed to sustainable practices, adhering rigorously to environmental regulations and engaging in continuous improvement measures. Our efforts focus on minimizing our environmental footprint through strategic initiatives such as paper usage monitoring, packaging reduction, and streamlined recycling programs.

Our facility is equipped with energy-efficient LED lighting and holds Clean Air Gold certification, ensuring low chemical emissions. We prioritize local sourcing, while also utilizing 100% recyclable metals and partnering with reforestation-focused wood suppliers.

Additionally, all wood waste is efficiently repurposed into wood chips for use in energy plants and greenhouses, exemplifying our steadfast commitment to sustainable manufacturing practices.

Through our vendors for promotional materials, who collaborate with 1% for the Planet and Integrity Reforestation, we ensure that our marketing initiatives also support environmental sustainability.
