

Cassius Hillyard

Installation Team Leader

Starting in Tayco's Packaging Department, Cassius quickly advanced to the Wood Department, where he helped implement a more efficient wood pre-pack program. Now as Installation Team Leader, he brings valuable hands-on experience and a strong understanding of Tayco's products.

He values Tayco's culture of growth and believes the effort you put in directly reflects in the rewards you receive. Outside of work, he enjoys game nights with friends, reading, and movies. He's also a proud pet parent to a tarantula, a gecko, and a Himalayan cat named Cleopatra.
