Every Office Needs the Essentials  
Volley & Seating

# VOLLEY

## Work Ergonomically

Volley Height-Adjustable Tables provide the flexibility and function necessary for healthy living in today's modern working environments. High-quality motors with memory presets allow for a quiet and easy transition from sitting to standing at the press of a button. This ergonomic solution can stand alone for a touchdown station or integrate into Tayco's numerous Benching, Private Office, and System solutions.

Tayco's Volley Tables feature options that can accommodate any workspace, with 2-leg or 3-leg configurations, T-Leg and C-Leg options, and silver, white, or black colour options.

\*\*Up to 84" available upon request. Specifications subject to change without notice.

# J1 CHAIR

## Up for any Task

The J1 task chair is designed with one goal in mind: keeping you supported throughout the workday. Built-in lumbar support and a synchro-tilt mechanism adapt to your movements, delivering consistent back support no matter how long the day gets.

Adjustability is at the core of the J1 experience. The 3D armrest and optional seat slider make it easy to dial in your perfect fit, while a breathable mesh back in grey or black adds a light, contemporary look to any workspace.

# M1 CHAIR

## The Ultimate in Flexibility

Designed for flexibility, the M1 chair is a natural fit for guest and training spaces. The flex back tilts up to 10°, promoting movement and providing lasting comfort for users sitting through longer sessions.

Storage is just as effortless — the nesting flip-up seat tucks away cleanly when not in use. With a simple, refined aesthetic, the M1 adapts to any office environment without missing a beat.
